KTRPO TAC/TCC Meeting

- Thursday, October 28, 3:00-5:00 pm

COG Board Meeting

- Thursday, October 28 @ 6:30 pm

DID YOU KNOW...

There are 16 Regional Councils of Government across the state of North Carolina? In 1970, there were 18 regions and many were formed organically by local governments long before they were officially designated.

BOARD MEMBER SPOTLIGHT:

Danny Wright

VANCE COUNTY COMMISSIONER

Former Vance County Commissioner Danny Wright has served on the COG Board for 35 years. While serving as Vance County Commissioner from 1982-2010, he accomplished a number of achievements including Past President of NCACC and long term member of NCACC state board of directors. Danny has also served on the National Board of Directors of County Commissioners (NACO) for 6 years. Danny was also inducted into the NC County Commissioner's Hall of Fame in 2017 and was recognized as NC's Outstanding County Commissioner in 2005. In 2014, he was selected as the Henderson-Vance Chamber of Commerce Outstanding Citizen of the Year, and was awarded the NC Order of Long Leaf Pine in 2009. During his time on the COG Board, Danny was a charter member of the Kerr-Tar Regional Economic Development Corporation and served as the first chair. He was the inaugural recipient of the Kerr-Tar COG's Regional Star Award in 2010. Danny has been married to his wife, Betty for 55 years. He said, "She is my hero. Everything good that has ever happened to me in my life time, she had a big part in it, operating in the background mostly. Her name should go on my plaques too." He is most proud of his three daughters, Melany, Dana, and Jaime, and his 7 wonderful grandchildren. Danny also said, "Of all the boards and commissions I have served on, this COG Board is my favorite because it has given me the opportunity to meet and network with so many wonderful people across our region. I give God the praise for that."

STAFF SPOTLIGHT:

Kelly Hundley

WORKFORCE PROGRAM SPECIALIST

Kelly Hundley, Workforce Program Specialist, has been with the COG for 23 years. What she loves most about working at the COG is the opportunity to meet a variety of people from different backgrounds and assist others in our region with workforce. When asked about her proudest achievement with the COG, Kelly said, "There

isn't a particular achievement that stands out, but the satisfaction of achieving our workforce goals by working together as a team. Our Workforce Development Board staff helps one another and we share in our achievements. You can't do it alone." Kelly completed her Bachelor of Science in Organizational Administration from NC Wesleyan College in 2019, which she is very proud of! Her role model is her mother, who passed away when she was 18. "She made such a huge impact on my life in that short amount of time. She was always humble, gracious, and kind. She would do whatever she could to help someone." Kelly's favorite quote is, "Be somebody who makes everybody feel like a somebody."

Golden LEAF: New SITE Program

The new [Golden LEAF SITE Program](http://www.goldenleaf.org/SITE) is now live with all information and applications available on the website at www.goldenleaf.org/SITE. The program will help communities identify potential industrial sites for economic development, complete the due diligence necessary to prepare sites for industrial development, and extend public utilities to or conduct rough grading and clearing of sites for which due diligence has been completed.

Golden LEAF has budgeted \$10 million for the program this fiscal year which will be awarded in two rounds: Fall 2021 and Spring 2022. Applications for the Fall 2021 round are due October 14 at noon for consideration by the Golden LEAF Foundation Board of Directors at their December 2021 meeting. Golden LEAF will reserve at least \$5 million for funding the SITE Program in Spring 2022. The application deadline for the Spring 2022 round will be announced later this year.

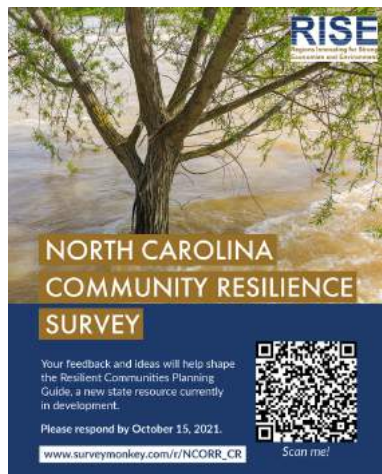

New Resource: COVID-19 Federal Assistance e311

Bloomberg Philanthropies and the US Conference of Mayors have collaborated to help cities identify, obtain, and retain federal funding for COVID recovery and response efforts through a website packed with Q&As and guidance from experts that includes a search function to simplify your hunt for information.

The team of experts has already answered nearly 200 questions from cities across the country--about the streams of federal funding available to support cities' COVID recovery, best-in-class strategies and practices for accessing and spending it, technical requirements for compliance, and more. For more information, click [HERE](#).

Resiliency Survey

A survey is being conducted that will directly inform the content and design of the North Carolina Resilient Communities Planning Guide, a new state resource in development through the [North Carolina Resilient Communities Program](#). The Guide will be used by North Carolina's Office of Recovery and Resiliency (NCORR) to help government officials and businesses, nonprofits, and community leaders understand their communities' climate vulnerabilities and develop shared priorities for action. The survey may be access via QR code (in image) or by clicking [HERE](#). Responses can be given via any internet accessible device.

Six-Session ARPA Course

American Rescue Plan Coronavirus Local Fiscal Recovery Funds: Allowable Expenditures, Compliance Requirements, Strategic Planning, and Evaluating Outcomes

All counties and municipalities have received (or will shortly receive) their first distribution of American Rescue Plan Act Coronavirus Local Fiscal Recovery Funds (ARP/CLFRF). Local governments may use these monies to address urgent pandemic-related needs and to make longer term, potentially transformational, investments in their communities. But the funds must be spent in accordance with the grant award and state law authority. And there is a complex maze of budgeting, cash management, accounting, contracting, monitoring, and auditing requirements that a local government must navigate to avoid recoupment.

In this FREE six-day course, held over 3 weeks in October via Zoom, county and municipal officials and staff will take a deep dive into the ARP/CLFRF. Join faculty and staff from the School of Government, as well as our colleagues from the NC Association of County Commissioners, NC Department of State Treasurer, NC League of Municipalities, NC Pandemic Recovery Office, NC Regional Councils of Government, and others to explore allowable expenditures under the ARP/CLFRF and state law, learn the intricacies of the Uniform Guidance and other state and federal compliance, reporting, and auditing requirements, and identify best practices in strategic planning, community engagement, and outcome evaluation.

This course is open to any local government staff member or elected official who is involved in deciding how to spend the ARP/CLFRF monies, managing, administering, and reporting on these funds, or evaluating the impact of ARP/CLFRF -funded projects. Although the course is FREE, you must register to participate. There will be separate tracks for smaller and mid-large jurisdictions for several of these topics. Participants may attend the whole course or pick and choose among sessions. The live course will be recorded and made available to view on-demand for those unable to attend the session.

The course dates and topics are as follows:

- **Wednesday, October 13**
 - Understanding ARP/CLFRF: Laying the Foundation*
- **Friday, October 16**
 - Compliance Requirements I: Auditing, Subawards, and Reports
- **Wednesday, October 20**
 - Compliance Requirements II: Procurement, Conflicts of Interest, and Other Uniform Guidance Provisions
- **Friday, October 22**
 - Eligible Uses Under CLFRF and State Law
- **Tuesday, October 26**
 - Best Practices for Effective Community Engagement
- **Thursday, October 28**
 - Strategic Planning and Performance Management

*This session will include an optional preliminary session targeted to very small units of government and/or local government officials who are brand new to the ARP/CLFRF.

Registration will open soon!

National Residents Rights Awareness Month

October is National Residents Rights Awareness Month, and we are celebrating by posting a digital Ombudsman billboard in our region. Kim Hawkins, Regional Ombudsman is distributing and conducting Resident Rights Bingo Games for all the facilities in our region starting in October, through December. Funds from the CARES Act were used to purchase the games and prizes. Please take the time to check on a resident or call your local Ombudsman to learn more about the rights of individuals living in long term care settings.

- Over the past few years, Vance-Granville's nursing instructors have implemented a process of educating many of their nursing students about advocacy in long term care settings. Our Ombudsman gives routine presentations to CNA students and Medtech classes during the summer and fall semesters.
- There has been an increase in complaints (doubled since August), possibly due to the rise in Covid cases and restrictions to visitations, concerns over vaccinations of staff, and poor staffing ratios in facilities.

Medicare Open Enrollment

If Medicare costs are hard to swallow, SHIIP can help find the best Medicare Prescription Drug Plan for you. It's time to evaluate your plan and see what's new for 2022. The Seniors' Health Insurance Information Program (SHIIP) offers free, unbiased information about Medicare and can assist with enrollment and subsidy applications that could save you money. The Medicare Annual Open Enrollment Period will be **October 15-December 7, 2021**. Changes will be effective January 1, 2022. Contact your local Senior Center to schedule an appointment with a trained SHIIP counselor today. You can also schedule an appointment with Austin Caton, Family Caregiver Support Specialist, who is a trained SHIIP counselor.

All of our Senior Centers are open! Visit their websites or call for details. Some may have limited schedules.

Franklin County Senior Center (Louisburg):	919-496-1131
Franklinton Senior Center:	919-494-5611
Granville County Senior Services (Oxford):	919-693-1930
South Granville Senior Center (Creedmoor):	919-528-0848
North Granville Senior Center (Stovall):	919-693-3383
Person County Senior Center:	336-599-7484
Vance County Senior Center:	252-430-0257
Warren County Senior Center:	252-257-3111

Powerful Tools for Caregivers Classes

Are you an overwhelmed caregiver? Powerful Tools for Caregivers is a FREE class for unpaid caregivers of those living with any chronic condition or disability. Learn how to manage emotions, reduce personal stress, and confidently cope with caregiving issues and demands. This class will meet 90 minutes per week for 6 weeks and is open to any unpaid caregiver. All tools and materials are free for participants. There will be two different sessions this fall, one in-person and one virtual, both **November 2-December 7**. The in-person class will be Tuesdays from **10:00-11:30 am** at the Granville County Senior Center, and the virtual sessions will be Tuesdays from **1:00-2:30 pm**. Register by calling Susan Tucker at 252-436-2040. Please share this with any caregivers you know!

Creedmoor Walk With Ease Program

Walk With Ease is the Arthritis Foundation's program that is proven to reduce the pain of arthritis and improve your overall health. The Kerr-Tar Area Agency on Aging will be conducting this program for our Region this fall. No matter if you need relief from arthritis pain or just want to be active, this 6 week program can teach you how to safely make physical activity part of your every day life. The program includes a guidebook and a walking schedule to get you safely moving toward better health.

Studies by the Thurston Arthritis Research Center and the Institute on Aging of the University of North Carolina show that Walk With Ease is proven to:

- Reduce the pain & discomfort of arthritis
- Increase balance, strength, & walking pace
- Build confidence in your ability to be physically active
- Improve overall health

The Creedmoor Walk With Ease group sessions will meet **Tuesday, Wednesday, and Thursday** for 6 weeks, from **October 5-November 11**. Participants will meet at **12:00 noon at the Creedmoor Community Center**. Trained group exercise leaders begin each session with a pre-walk discussion covering a specified topic related to exercise and arthritis, followed by a 10-40 minute walk that includes a warm-up and a cool-down. There will be two different sessions offered in our region this fall. To register for this session, contact Christopher Horrigan at 919-764-1005.

National Night Out

The Henderson-Vance National Night Out Against Crime event will be held **Tuesday, October 19 from 4:30-8:30 pm** on Breckenridge Street in Downtown Henderson. National Night Out is a national community building campaign that promotes police-community partnerships to make communities safer, more caring places to live. The Kerr-Tar Area Agency on Aging will be present at this free event with materials and information on our programs and services. They look forward to seeing you there!

KTRPO TAC/TCC Meeting

The KTRPO joint TAC/TCC will meet on Thursday, **October 28, 2021 from 3:00-5:00 pm**. The format of the meeting is TBD. The agenda and related meeting materials will be posted on the KTCOG website and sent to members as the meeting date approaches.

New Staff Member

Please join us in welcoming our new RPO Coordinator, **Sam Boswell**. A recent graduate of UNC Chapel Hill's Master of City & Regional Planning program, where he specialized in transportation, he is most excited to get to know the transportation needs of the local communities. Sam's interests in transportation developed as a kid growing up in Alabama. Even then, he believed that a good transportation network is one that connects people to each other. Sam started at the COG on September 1. Welcome Sam!

Fall 2021 Litter Sweep

The statewide Fall Litter Sweep campaign recently concluded on September 25. We are appreciative of our communities and civic organizations who routinely participate in this bi-annual event. If your community participated in this year's event or are coordinating an individualized litter sweep, please contact our office so that we may highlight your efforts in an upcoming newsletter. Employees of Granville County Government participated in the Litter Sweep on Friday, September 17. In total, the group collected more than 50 bags of trash along portions of the Oxford Loop in Oxford and Brassfield Road in Creedmoor.

Airport Funding

During the September North Carolina Board of Transportation meeting, the Board approved more than \$27 million in state and federal funds for projects to improve safety and customer service at 13 North Carolina airports. Of particular note, the Board approved funding at the Triangle North Executive Airport (LHZ) located in Louisburg for the following improvements:

- \$3.77 million in state funds for rehabilitation of the runway, taxiway, and apron;
- \$2 million in federal funds for apron expansion and taxiway rehabilitation.

These funds will be distributed by the NCDOT Division of Aviation and do not necessarily represent the total cost of the projects.

Kerr-Tar Receives 2021 Shared Gifting Microgrant

The Council of Governments is pleased to announce its selection as a finalist for the Community Food Strategies Shared Gifting Microgrant Program. Finalists have the opportunity to be awarded up to \$3,800 as they participate in a series of shared gifting events. The Kerr-Tar Regional Council of Governments is excited about this opportunity and hopes to use this funding to support the implementation of a Regional Food Council and promote the goals of its adopted Regional Food Policy.

Warren Co. Farmers Market on WRAL

The Visit NC Farms mobile app from the NC Department of Agriculture connects users to local farmers, fall family events, road trip itineraries and more. The Kerr-Tar COG is considered an early adopter of this initiative, being the first COG in the state to apply as a region rather than an individual county. Last month, WRAL aired a segment on the app featuring the Warren County Farmers Market and Chilly Chicken Creamery. Click the image to watch the video!

Louisburg Co-Working Space

Workspace Louisburg, once a doctors office, was taken on by the Town of Louisburg's Economic Development and is now a newly renovated building that hosts an open and inviting co-working space for small business, freelancers, solopreneurs, startups, and study groups. The concept came from town staff, while visiting a surrounding community, they realized how important it was for a co-working space to be offered in the Louisburg area.

After being home for more than a year with children e-learning, moms and dads are screaming for remote work space, and students need a different scenery for e-learning and nothing contributes more to the new entrepreneurial economy like co-working office space.

If you are interested in Workspace Louisburg, Contact Monique Wilkins at 919-497-1002 for more information on how to co-work in Louisburg.

Diversity, Equity, and Inclusion Training

The Council of Governments has secured a firm to provide both in-person and virtual Diversity, Equity, and Inclusion Training during the last quarter of 2021. The Region K Community Assistance Corporation, the COG's non-profit entity was awarded a Social Justice & Racial Equity grant in 2020 to provide such training through the Duke Energy Foundation.

The Kerr-Tar region was selected because of its diverse communities, citizens, and diverse governing boards. More information on dates and locations will be forthcoming. We are encouraging our member governments to participate in these training opportunities.

Granville & Person Counties Included in 2021 Mountains to Coast Cycling Tour

Cycle North Carolina kicks off a week-long ride from the mountains to the coast on October 3, with hundreds of cyclists traveling through the Butner/Creedmoor and Roxboro areas as part of their journey through the state's scenic back roads. The cyclists' scheduled stop in Person County will be on day 3, October 5, and Granville County is planned for the fourth day of the trek on October 6. While in Person County, cyclists will have the opportunity to visit the Kirby Theatre, Historic Uptown, Hycó Lake, Mayo Lake, and the Person County Museum of History. The Granville County itinerary

includes tours of Cedar Creek Gallery, the Soldiers Memorial Sports Arena, Camp Butner Museum, Butner Town Hall, High Rock Farms, and the Stem Fire Department.

The Mountains to the Coast Tour is the state's only fully-supported ride. Overnight stays for the 2021 tour are scheduled for Creedmoor, Mount Airy, Reidsville, Roxboro, Smithfield, and Wallace, with the route passing through many other towns and communities along the way. Over the past 21 years, Cycle North Carolina participants have made overnight stops in more than 100 North Carolina towns and have visited 700 communities while promoting heritage tourism, visitor attractions and state parks, and are experiencing the benefits of bicycling and a healthy lifestyle.

Volunteers are needed to assist on the day of arrival and will be assigned to distribute information at the welcome tent, transfer luggage, and handle other items. For more information about volunteering in Granville County or to sign up, contact Granville County Tourism Director Angela Allen at angela.allen@granvillecounty.org. Drivers should be aware that groups of cyclists will be on Person County roads on Tuesday, October 5 and on Granville County roads, Wednesday October 6 and Thursday, October 7. Please drive carefully and pass with caution.

Click [HERE](#) to learn more about the Mountains to the Coast cycle tour.

Open for Business Loans Available

Many small and local businesses in the Kerr-Tar region have been negatively affected by COVID-19. Please be aware that our Open for Business Loans are available to businesses in our region through the Kerr-Tar COG. These loan opportunities are being offered in an effort to provide support and assistance to **small to medium size businesses** to get back up and running.

The Open for Business Loan is a non-forgivable interest-free loan, ranging from \$10,000-\$100,000. Eligible borrowers are small to medium size (1-99 employees) businesses who have been in business for at least 12 months and must be located in Franklin, Granville, Person, Vance, or Warren counties. All loans will require a personal guarantee and additional collateral. Funds can only be used for working capital, inventory, and/or equipment and require an application fee of \$200. Standard loan terms of 5-10 years. To apply, visit www.kerrtarco.org and click on the "Open for Business Loan" tab.

One major change this year is that businesses are ***no longer required to demonstrate a loss of revenue as a result of the pandemic***. Our goal is to help get local businesses back up and running. Please share this information with anyone you think would benefit from these loans.

The Open for Business Loan Program is locally administered, funded by the US Department of Commerce, Economic Development Administration with funds from the Coronavirus Aid, Relief, and Economic Security (CARES) Act. Applications are available on the Kerr-Tar COG website or by calling Kerr-Tar COG at 252-436-2040. Applications should be completed as soon as possible as funding is limited.

Powell Bill Funds

The North Carolina Department of Transportation is distributing more than \$1.3 million in State Street-Aid to Municipalities, also known as Powell Bill funds, to 16 municipalities in the Kerr-Tar region. Half the total is to be distributed by October 1, 2021, with the other half paid by January 1, 2022.

The Powell Bill funds are used primarily to resurface municipal streets, but can also be used to maintain, repair, construct or widen streets, bridges and drainage areas.

Municipalities can also use Powell Bill funds to plan, construct and maintain bike paths, greenways or sidewalks. The amount each municipality receives is based on a formula set by the North Carolina General Assembly; with 75% of the funds based on population, and 25% based on the number of locally-maintained street miles. A complete list of the municipalities in the Kerr-Tar region receiving Powell Bill funds and the amounts they are receiving can be found in this table.

State Street-Aid Allocations to Municipalities Powell Bill FY 2021/2022			
Municipality	County	Total Allocation from Powell Bill Funds	October Allocation
Bunn	Franklin	\$ 10,204.11	\$ 5,102.06
Butner	Granville	\$ 178,042.83	\$ 89,021.42
Creedmoor	Granville	\$ 115,426.98	\$ 57,713.49
Franklinton	Franklin	\$ 67,730.48	\$ 33,865.24
Henderson	Vance	\$ 402,336.74	\$ 201,168.37
Kittrell	Vance	\$ 4,596.62	\$ 2,298.31
Louisburg	Franklin	\$ 81,668.68	\$ 40,834.34
Macon	Warren	\$ 3,893.86	\$ 1,946.93
Middleburg	Vance	\$ 5,509.35	\$ 2,754.68
Norlina	Warren	\$ 31,441.46	\$ 15,720.73
Oxford	Granville	\$ 217,375.79	\$ 108,687.90

Housing Assistance Available

Urgent Repair Program

The Kerr-Tar Regional Council of Governments (COG) has been awarded **\$200,000** by the North Carolina Housing Finance Agency (NCHFA) under the 2021 Cycle of the Urgent Repair Program to assist residents in the counties of **Franklin, Granville, Person, Vance, and Warren**. The Urgent Repair Program finances emergency home repairs for homeowners who are elderly or have special needs and whose **incomes are below 50% of the median** for the area. Only repairs that address imminent threats to the life and/or safety of occupants of the dwelling unit or accessibility modifications will be performed under the program. A total of **20 households are projected to be assisted**.

In the Urgent Repair Program, one of two critical problems may be repaired, but the entire house is not addressed. Examples of work typically done under this program include roof or HVAC system repair, well or septic system repairs, adding accessibility features like ramps, bathroom grab bars, and wider doors. The COG will provide assistance to those whose homes are selected for repairs in the form of a loan. Homeowners will receive an unsecured deferred, interest-free loan, forgiven at a rate of \$2,000 per year until the principal balance is reduced to zero. **The maximum amount of the loan available is \$10,000.**

Applications are available and must be returned to the COG Office by 5:00 pm on November 1, 2021. Clients to be assisted will be selected by January 1, 2022. The application and program information are available on the Kerr-Tar Regional COG website at www.kerrtarco.org or by calling 252-436-2040. The funds provided by the NCHFA for the Urgent Repair Program come from the North Carolina Housing Trust Fund.

ESFR Loan Program

The Kerr-Tar Regional Council of Governments (COG) has been granted membership by the North Carolina Housing Finance Agency (NCHFA) under the 2021 Cycle of the Essential Single Family Rehabilitation Loan Pool Program (ESFRLP2021). Funding from this program will assist with essential and critical repairs to single-family homes that are owned and occupied by lower-income households. These repairs help veterans, seniors, and persons with disabilities stay in their homes, saving on health care and long-term costs.

The major requirements to be eligible for ESFRLP2021 assistance are:

- Home must be located in **Warren County**;
- Home must be owner-occupied;
- Site built and off frame modular units will be eligible for considerations, however manufactured housing is not eligible for assistance;
- House must have a full-time household member who is an older adult (age 62+), disabled or a veteran, or a household with a child under the age of six whose health is threatened by the presence of lead hazards;
- Gross annual household income must not exceed **80% of the area median income for Warren County**;
- Property cannot have been repaired or rehabilitated w/public funding of \$30,000 or more within the past 10 years;
- Cost of rehabilitation cannot exceed the ESFRLP2021 Program Guideline limit of \$30,000.

Applications are available by calling Kerr-Tar COG at 252-436-2040 or on the Kerr-Tar COG website at www.kerrtarco.org. Applications should be returned as soon as possible but no later than **November 5th at noon**.
